

## **Göran Beijer new CEO at ONCOlog Medical QA AB in Uppsala, Sweden**

2010-02-01

### **Göran Beijer has been appointed new CEO at ONCOlog Medical from February 1st, 2010.**

Göran Beijer has a broad business- and management experience from pharmaceutical- diagnostic- and medical technology companies like AstraZeneca and General Electric. ONCOlog has now launched products and focus is on cooperation with multinational corporations in a B2B relation and to build a professional market-oriented organization.

"I find it very stimulating to share the responsibility with Göran" says former CEO and founder of ONCOlog Medical, Hans Dahlin, who now will continue as responsible for Business Development.

### **About ONCOlog Medical**

ONCOlog Medical is dedicated to innovative solutions in Radiation Therapy. The company mission is to bring Better Radiotherapy to More People by improved Accuracy, Comfort and Efficiency in Cancer care. The company was founded in 2002 and is owned by SLS Invest, LinkMed AB and the founders.
